CALL FOR MANUSCRIPTS

We invite unpublished novel, original, empirical and high quality research work pertaining to recent developments & practices in the area of Computer, Business, Finance, Marketing, Human Resource Management, General Management, Banking, Insurance, Corporate Governance and emerging paradigms in allied subjects like Accounting Education; Accounting Information Systems; Accounting Theory & Practice; Auditing; Behavioral Accounting; Behavioral Economics; Corporate Finance; Cost Accounting; Econometrics; Economic Development; Economic History; Financial Institutions & Markets; Financial Services; Fiscal Policy; Government & Non Profit Accounting; Industrial Organization; International Economics & Trade; International Finance; Macro Economics; Micro Economics; Monetary Policy; Portfolio & Security Analysis; Public Policy Economics; Real Estate; Regional Economics; Tax Accounting; Advertising & Promotion Management; Business Education; Management Information Systems (MIS); Business Law, Public Responsibility & Ethics; Communication; Direct Marketing; E-Commerce; Global Business; Health Care Administration; Labor Relations & Human Resource Management; Marketing Research; Marketing Theory & Applications; Non-Profit Organizations; Office Administration/Management; Operations Research/Statistics; Organizational Behavior & Theory; Organizational Development; Production/Operations; Public Administration; Purchasing/Materials Management; Retailing; Sales/Selling; Services; Small Business Entrepreneurship; Strategic Management Policy; Technology/Innovation; Tourism, Hospitality & Leisure; Transportation/Physical Distribution; Algorithms; Artificial Intelligence; Compilers & Translation; Computer Aided Design (CAD); Computer Aided Manufacturing; Computer Graphics; Computer Organization & Architecture; Database Structures & Systems; Digital Logic; Discrete Structures; Internet; Management Information Systems; Modeling & Simulation; Multimedia; Neural Systems/Neural Networks; Numerical Analysis/Scientific Computing; Object Oriented Programming; Operating Systems; Programming Languages; Robotics; Symbolic & Formal Logic and Web Design. The above mentioned tracks are only indicative, and not exhaustive.

Anybody can submit the soft copy of his/her manuscript **anytime** in M.S. Word format after preparing the same as per our submission guidelines duly available on our website under the heading guidelines for submission, at the email address: infoijrcm@gmail.com.

GUIDELINES FOR SUBMISSION OF MANUSCRIPT

1. **COVERING LETTER FOR SUBMISSION:**

DATED: _____

THE EDITOR
IJRCM

Subject: SUBMISSION OF MANUSCRIPT IN THE AREA OF

(e.g. Finance/Marketing/HRM/General Management/Economics/Psychology/Law/Computer/IT/Engineering/Mathematics/other, please specify)

DEAR SIR/MADAM

Please find my submission of manuscript entitled ' _____ ' for possible publication in your journals.

I hereby affirm that the contents of this manuscript are original. Furthermore, it has neither been published elsewhere in any language fully or partly, nor is it under review for publication elsewhere.

I affirm that all the author (s) have seen and agreed to the submitted version of the manuscript and their inclusion of name (s) as co-author (s).

Also, if my/our manuscript is accepted, I/We agree to comply with the formalities as given on the website of the journal & you are free to publish our contribution in any of your journals.

NAME OF CORRESPONDING AUTHOR:

Designation:

Affiliation with full address, contact numbers & Pin Code:

Residential address with Pin Code:

Mobile Number (s):

Landline Number (s):

E-mail Address:

Alternate E-mail Address:

NOTES:

- a) The whole manuscript is required to be in **ONE MS WORD FILE** only (pdf. version is liable to be rejected without any consideration), which will start from the covering letter, inside the manuscript.
- b) The sender is required to mention the following in the **SUBJECT COLUMN** of the mail:
New Manuscript for Review in the area of (Finance/Marketing/HRM/General Management/Economics/Psychology/Law/Computer/IT/Engineering/Mathematics/other, please specify)
- c) There is no need to give any text in the body of mail, except the cases where the author wishes to give any specific message w.r.t. to the manuscript.
- d) The total size of the file containing the manuscript is required to be below **500 KB**.
- e) Abstract alone will not be considered for review, and the author is required to submit the complete manuscript in the first instance.
- f) The journal gives acknowledgement w.r.t. the receipt of every email and in case of non-receipt of acknowledgment from the journal, w.r.t. the submission of manuscript, within two days of submission, the corresponding author is required to demand for the same by sending separate mail to the journal.

2. **MANUSCRIPT TITLE:** The title of the paper should be in a 12 point Calibri Font. It should be bold typed, centered and fully capitalised.

3. **AUTHOR NAME (S) & AFFILIATIONS:** The author (s) **full name, designation, affiliation (s), address, mobile/landline numbers**, and **email/alternate email address** should be in italic & 11-point Calibri Font. It must be centered underneath the title.

4. **ABSTRACT:** Abstract should be in fully italicized text, not exceeding 250 words. The abstract must be informative and explain the background, aims, methods, results & conclusion in a single para. Abbreviations must be mentioned in full.

5. **KEYWORDS:** Abstract must be followed by a list of keywords, subject to the maximum of five. These should be arranged in alphabetic order separated by commas and full stops at the end.
6. **MANUSCRIPT:** Manuscript must be in **BRITISH ENGLISH** prepared on a standard A4 size **PORTRAIT SETTING PAPER**. It must be prepared on a single space and single column with 1" margin set for top, bottom, left and right. It should be typed in 8 point Calibri Font with page numbers at the bottom and centre of every page. It should be free from grammatical, spelling and punctuation errors and must be thoroughly edited.
7. **HEADINGS:** All the headings should be in a 10 point Calibri Font. These must be bold-faced, aligned left and fully capitalised. Leave a blank line before each heading.
8. **SUB-HEADINGS:** All the sub-headings should be in a 8 point Calibri Font. These must be bold-faced, aligned left and fully capitalised.
9. **MAIN TEXT:** The main text should follow the following sequence:

INTRODUCTION**REVIEW OF LITERATURE****NEED/IMPORTANCE OF THE STUDY****STATEMENT OF THE PROBLEM****OBJECTIVES****HYPOTHESES****RESEARCH METHODOLOGY****RESULTS & DISCUSSION****FINDINGS****RECOMMENDATIONS/SUGGESTIONS****CONCLUSIONS****SCOPE FOR FURTHER RESEARCH****ACKNOWLEDGMENTS****REFERENCES****APPENDIX/ANNEXURE**

It should be in a 8 point Calibri Font, single spaced and justified. The manuscript should preferably not exceed **5000 WORDS**.

10. **FIGURES & TABLES:** These should be simple, crystal clear, centered, separately numbered & self explained, and **titles must be above the table/figure. Sources of data should be mentioned below the table/figure.** It should be ensured that the tables/figures are referred to from the main text.
11. **EQUATIONS:** These should be consecutively numbered in parentheses, horizontally centered with equation number placed at the right.
12. **REFERENCES:** The list of all references should be alphabetically arranged. The author (s) should mention only the actually utilised references in the preparation of manuscript and they are supposed to follow **Harvard Style of Referencing**. The author (s) are supposed to follow the references as per the following:
 - All works cited in the text (including sources for tables and figures) should be listed alphabetically.
 - Use **(ed.)** for one editor, and **(ed.s)** for multiple editors.
 - When listing two or more works by one author, use --- (20xx), such as after Kohl (1997), use --- (2001), etc, in chronologically ascending order.
 - Indicate (opening and closing) page numbers for articles in journals and for chapters in books.
 - The title of books and journals should be in italics. Double quotation marks are used for titles of journal articles, book chapters, dissertations, reports, working papers, unpublished material, etc.
 - For titles in a language other than English, provide an English translation in parentheses.
 - The location of endnotes within the text should be indicated by superscript numbers.

PLEASE USE THE FOLLOWING FOR STYLE AND PUNCTUATION IN REFERENCES:**BOOKS**

- Bowersox, Donald J., Closs, David J., (1996), "Logistical Management." Tata McGraw, Hill, New Delhi.

IFRS IN INDIA – ISSUES AND CHALLENGES

E.RANGAPPA
HEAD
DEPARTMENT OF COMMERCE
PALAMURU UNIVERSITY
MAHABUBNAGAR

ABSTRACT

The adoption of IFRS across the country is occurring rapidly to bring about accounting quality improvement through a single set of standards for financial reporting. However in the world the accounting quality is a function of the firm's overall positions including the legal and political system of the country in which the firm resides. This paper documents the prospects of IFRS adoption procedure in India. It is also an effort to focus on the challenges faced by the Indian SMEs considering the underlying institutional and economic factors in the process of adoption of IFRS and to reach some concluding remarks for better applicability of these standards are also presented in this paper.

KEYWORDS

IFRS adoption, SMEs, India.

INTRODUCTION

International Financial Reporting Standards (IFRS) are designed as a common global language for business affairs so that company accounts are understandable and comparable across the countries of the globe. They are a set of global accounting standards, which have come to be widely accepted across the countries as a single set of highly quality standards. They are a consequence of growing international shareholding and trade and are particularly important for companies that have dealings in several countries. IFRS began as an attempt to harmonize accounting practices across the European Union but the value of harmonization quickly made the concept attractive around the world. Synchronizing accounting standards across the world is an ongoing process in the international accounting community. The IFRS are issued by the International Accounting Standards Board (IASB) which replaced the International Accounting Standards Committee (IASC) in 2001. Many countries are replacing their national standards with IFRSs while some other countries have adopted this approach of first reviewing the IFRS ensure their suitability with their economic, political and social conditions and then adopt these IFRSs verbatim or with minor changes.

OBJECTIVES OF THE STUDY

To know the IFRS adoption procedure in India.

To study the issues and challenges faced by SMEs in the process of adoption of IFRS in India.

METHODOLOGY OF THE STUDY

The study is primarily qualitative in nature and do not use any quantitative tool to analyze the data. It has been conducted mainly on the basis of literature survey and secondary Information. Various journals, newspaper and magazines articles have been referred to in writing this paper.

NEED FOR THE STUDY

IASB follows a thorough and transparent due process in developing IFRS as a high quality, globally accepted accounting standards. These standards are not only vigorous but also tend to gain a wide and ready acceptability among the users of financial statements, promote transparency and provide a suitable standard for accounting practices in general. It is beneficial for Indian companies to adopt a standard which provides such credibility to their financial statements and helps them to integrate with the global economy. The International Financial Reporting Standards are progressively replacing the many different accounting standards in the world. Hence in this context there is a need to study the adoption procedure of IFRS in India and the issues and challenges faced by the Indian SMEs.

REVIEW OF LITERATURE

Zhou et al (2009) in one such study of Chinese firms' data concluded that the firms adopting IFRS are less likely to smooth earnings in the post IFRS adoption period. Their findings also pointed out the need for a stricter enforcement mechanism of financial reporting standards in emerging markets. Working on the data of European firms, Armstrong et al (2010) found out a positive reaction to IFRS adoption events for firms with high quality pre adoption information, consistent with investors expecting net convergence benefits from IFRS adoption. Cai & Wong (2010) in their study of global capital markets summarized that the capital markets of the countries that have adopted IFRS have higher degree of integration among them after their IFRS adoption as compared to the period before the adoption. Paananen & Lin (2009) gave a contrary view to prior research that IFRS adoption ensures better quality of accounting information. Epstein (2009) in his article on Economic Effects of IFRS adoption emphasized on the fact that universal financial reporting standards will increase market liquidity, decrease transaction costs for investors, lower cost of capital and facilitate international capital formation and flows.

OVERVIEW OF ADOPTION PROCEDURE OF IFRS IN INDIA

In 1949, Indian government to streamline accounting practices in the country established Institute of Chartered Accountants of India by passing ICAI Act, 1949. Accounting Standard Board was constituted by ICAI in 1977 with a view to harmonize the diverse accounting policies and practices in India. The other objectives of the Board are: (a) conceive of and suggest new areas in which Accounting Standards are needed, (b) formulation of Accounting Standards, (c) examine how far IAS and IFRS can be adapted while formulating the accounting standards and to adopt the same and (d) review the existing Accounting Standards and revise them regularly as and when necessary, among others. In 2006, a task force was set up by ICAI. The objective of the task force was to lay down a road map for convergence of IFRS in India. Based on the recommendation made by the Task Force and on the basis of outcome of discussions and public opinions on IFRS adoption procedure, a 3 step process was laid down by the Accounting Professionals in India. This three steps IFRS adoption procedure can be summarized as follows:

STEP I: IFRS IMPACT ASSESSMENT

In the first step, the firm will begin with the assessment of the impact of IFRS adoption on Accounting and Reporting Issues, on systems and processes, and on Business of the firm. The firm will then identify the key conversion dates and accordingly a IFRS training plan will be laid down. Once the training plan is in place, the firm will have to identify the key Financial Reporting Standards that will apply to the firm and also the differences among current financial reporting standards being followed by the firm and IFRS. The firm will also identify the loopholes in the existing systems and processes.

STEP II: PREPARATIONS FOR IFRS IMPLEMENTATION

This step will carry out the activities required for IFRS implementation process. It will begin with documentation of IFRS Accounting Manual. The firm will then revamp the internal reporting systems and processes. IFRS 1 which deals with the first time adoption of IFRS will be followed to guide through the first time IFRS adoption procedure. To make the convergence process smooth, some exemptions are available under IFRS 1. These exemptions are identified and applied. To ensure that the IFRS are applied correctly and consistently, control systems are designed and put in place.

STEP III: IMPLEMENTATION

The third step involves actual implementation of IFRS. The first activity carried out in this phase is to prepare an opening Balance Sheet at the date of transition to IFRS. A proper understanding of the impact of the transition from Indian Accounting Standards to IFRS is to be developed. This will follow the complete application of IFRS as and when required. First time implementation of IFRS requires lot of training and some difficulties may also be experienced. To ensure a smooth transition from Indian Accounting Standards to IFRS, Continuous training to staff and addressing all the difficulties that would be experienced while carrying out the implementation is also required.

UTILITIES OF ADOPTING IFRS IN INDIA

Economies across the globe have benefitted by adopting IFRS for financial reporting purposes. The IFRSs are currently becoming an important tool to achieve uniformity of accounting practices across the globe which increase the transparency and comparability of financial statements across different entities and geographies. The few utilities of adopting IFRS in India are as listed below.

- a) Better access to global capital markets
- b) Easier global comparability
- c) Easy cross border listing
- d) Better quality of financial reporting
- e) Eliminating of multiple reporting

IFRS FOR SMEs

The International Accounting Standards Board (IASB) has issued International financial reporting standards for use of small and medium sized entities (SMEs), which are estimated to present more than 95 % of all the companies. The standard has been designed to meet the needs and capabilities of SMEs world wide. The disclosure requirements have been significantly reduced. In Indian context, this standard has great implications. IFRS for SMEs is based on the fundamental principles of full IFRS, but in many cases, it has been simplified to make the accounting requirements less complex and to reduce the cost and effort required to produce the financial statements. Few topics addressed in full IFRS but omitted from IFRS for SMEs because they were not relevant to SMEs such as earning per share, interim financial reporting, segment reporting and special account for assets held for sale.

In India, various regulatory authorities have defined Small and medium-sized entities, standard define SMEs are entities that do not have public accountability, and publish general purpose financial statements for external users. A global financial reporting language is likely to bring the following benefits to SMEs.

- a) Understanding the global financial reporting language for companies from different jurisdictions around the world to explore the possibility of cross border acquisitions and simplifying inbound and outbound investments.
- b) Global recognition will improve both transparency and comparability to SMEs
- c) SMEs will have an opportunity to attract talented finance people.

CHALLENGES IN THE PROCESS OF ADOPTION OF IFRS IN INDIA

Adoption of IFRS in India is difficult task and faces many challenges. Few of these have been listed as below:

AWARENESS OF INTERNATIONAL FINANCIAL REPORTING PRACTICES

Adoption of IFRS means a complete set of different reporting standards have to bring in. The awareness of these reporting standards is still not there among the stakeholders like Firms, Banks, Stock Exchanges, Commodity Exchanges etc.. To bring a complete awareness of these standards among these parties is a difficult task.

TRAINING

Professional Accountants are looked upon to ensure successful implementation of IFRS. Along with these Accountants, Government officials, Chief Executive Officers, Chief Information officers are also responsible for a smooth adoption process. India lack training facilities to train such a large group. As the implementation date draws closer (2011), It has been observed that India does not have enough number of fully trained professionals to carry out this task of adoption of IFRS in India.

AMENDMENTS TO THE EXISTING LAWS

In India, Accounting Practices are governed mainly by Companies Act 1956 and Indian Generally Accepted Accounting Principles (GAAP). Existing laws such as Securities Exchange Board of India regulations, Indian Banking Laws & Regulations, Foreign Exchange Management Act also provide some guidelines on preparation of Financial Statements in India. IFRS does not recognize the presence of these laws and the Accountants will have to follow the IFRS fully with no overriding provisions from these laws. Indian Lawmakers will have to make necessary amendments to ensure a smooth transition to IFRS.

TAXATION

IFRS adoption will affect most of the items in the Financial Statements and consequently, the tax liabilities would also undergo a change. Currently, Indian Tax Laws do not recognize the Accounting Standards. A complete overhaul of Tax laws is the major challenge faced by the Indian Law Makers immediately. Enough changes are to be made in Tax laws to ensure that tax authorities recognize IFRS-Compliant financial statements otherwise it will duplicate the administrative work for the Firms.

USE OF FAIR VALUE AS MEASUREMENT BASE

IFRS uses fair value to measure majority items in financial statements. The use of Fair Value Accounting can bring a lot of volatility and subjectivity to the financial statements. Adjustments to fair value result in gains or losses which are reflected in the Income Statements and valuation is reflected in Balance Sheet. Indian Corporate World which has been preparing its Financial Statements on Historical Cost Basis will have tough time while shifting to Fair Value Accounting.

FINANCIAL REPORTING SYSTEM

IFRS provide complete set of reporting system for companies to make their Financial Statements. In India, various laws and acts provide the financial reporting system but not as comprehensive as provided by the IFRS. Indian Firms will have to ensure that existing business reporting model is amended to suit the requirements of IFRS. The amended reporting system will take care of various new requirements of IFRS. Enough control systems have to be put in place to ensure the minimum business disruption at the time of transition. All the challenges mentioned here can be worked out by bringing a proper Internal Control &

Reporting system in place. Firms, Regulators and Stock Exchanges in India should take some guidelines from the countries which have adopted the IFRS and have similar economic, political and social conditions.

CONCLUSION AND REMARKS

International Financial Reporting Standard are principle based rather than rule based, which will require a globally consistent resolution. It is generally expected that IFRS adoption worldwide will be beneficial to investors and other users of financial statements, by reducing the costs of comparing alternative investments and increasing the quality of information. Companies are also expected to benefit, as investors will be more willing to provide financing. IFRS for SMEs is long awaited step by both developed and emerging economies of the world. In India, one major criticism against the full implementation of IFRS was that it would impose an unnecessary burden and hardship on SMEs. Some concluding remarks for better applicability of International Financial Reporting Standards in India in ensuring transparent information are summarised as follows.

- (a) **Establishment of Financial Monitoring Board:** The Government of India must establish an independent oversight body to shoulder the responsibility of setting accounting and auditing standards, monitoring compliance with accounting standards, reviewing auditors' practice and reviewing reporting practices and enforcing sanctions for violations. The board should focus on technically qualified personnel, practical training of inspectors/reviewers, administrative support, and necessary logistics arrangements. Inclusion of other interested parties: A system for adoption of standards and monitoring should be developed that can work on a consensus view of all the interested parties.
- (b) **Encouraging the firms for adopting IFRS:** On the basis of proper compliance of IFRS, the regulatory authorities can provide significant benefits
- (c) **Role of government:** The government should introduce an awareness program for improving the degree of compliance with accounting requirements by specified business enterprises.
- (d) **Upgrading accounting education:** In order to ensure a minimum quality standard in teaching accounting and auditing courses in all Indian Universities, an initiative is necessary for curriculum development and training the trainers' activities.

REQUEST FOR FEEDBACK

Dear Readers

At the very outset, International Journal of Research in Computer Application and Management (IJRCM) acknowledges & appreciates your efforts in showing interest in our present issue under your kind perusal.

I would like to request you to supply your critical comments and suggestions about the material published in this issue as well as on the journal as a whole, on our E-mail infoijrcm@gmail.com for further improvements in the interest of research.

If you have any queries please feel free to contact us on our E-mail infoijrcm@gmail.com.

I am sure that your feedback and deliberations would make future issues better – a result of our joint effort.

Looking forward an appropriate consideration.

With sincere regards

Thanking you profoundly

Academically yours

Sd/-

Co-ordinator

ABOUT THE JOURNAL

In this age of Commerce, Economics, Computer, I.T. & Management and cut throat competition, a group of intellectuals felt the need to have some platform, where young and budding managers and academicians could express their views and discuss the problems among their peers. This journal was conceived with this noble intention in view. This journal has been introduced to give an opportunity for expressing refined and innovative ideas in this field. It is our humble endeavour to provide a springboard to the upcoming specialists and give a chance to know about the latest in the sphere of research and knowledge. We have taken a small step and we hope that with the active co-operation of like-minded scholars, we shall be able to serve the society with our humble efforts.
