CALL FOR MANUSCRIPTS

We invite unpublished novel, original, empirical and high quality research work pertaining to the recent developments & practices in the areas of Computer Science & Applications; Commerce; Business; Finance; Marketing; Human Resource Management; General Management; Banking; Economics; Tourism Administration & Management; Education; Law; Library & Information Science; Defence & Strategic Studies; Electronic Science; Corporate Governance; Industrial Relations; and emerging paradigms in allied subjects like Accounting; Accounting Information Systems; Accounting Theory & Practice; Auditing; Behavioral Accounting; Behavioral Economics; Corporate Finance; Cost Accounting; Econometrics; Economic Development; Economic History; Financial Institutions & Markets; Financial Services; Fiscal Policy; Government & Non Profit Accounting; Industrial Organization; International Economics & Trade; International Finance; Macro Economics; Micro Economics; Rural Economics; Co-operation; Demography; Development Planning; Development Studies; Applied Economics; Development Economics; Business Economics; Monetary Policy; Public Policy Economics; Real Estate; Regional Economics; Political Science; Continuing Education; Labour Welfare; Philosophy; Psychology; Sociology; Tax Accounting; Advertising & Promotion Management; Management Information Systems (MIS); Business Law; Public Responsibility & Ethics; Communication; Direct Marketing; E-Commerce; Global Business; Health Care Administration; Labour Relations & Human Resource Management; Marketing Research; Marketing Theory & Applications; Non-Profit Organizations; Office Administration/Management; Operations Research/Statistics; Organizational Behavior & Theory; Organizational Development; Production/Operations; International Relations; Human Rights & Duties; Public Administration; Population Studies; Purchasing/Materials Management; Retailing; Sales/Selling; Services; Small Business Entrepreneurship; Strategic Management Policy; Technology/Innovation; Tourism & Hospitality; Transportation Distribution; Algorithms; Artificial Intelligence; Compilers & Translation; Computer Aided Design (CAD); Computer Aided Manufacturing; Computer Graphics; Computer Organization & Architecture; Database Structures & Systems; Discrete Structures; Internet; Management Information Systems; Modeling & Simulation; Neural Systems/Neural Networks; Numerical Analysis/Scientific Computing; Object Oriented Programming; Operating Systems; Programming Languages; Robotics; Symbolic & Formal Logic; Web Design and emerging paradigms in allied subjects.

Anybody can submit the **soft copy** of unpublished novel; original; empirical and high quality **research work/manuscript** **anytime** in **M.S. Word format** after preparing the same as per our **GUIDELINES FOR SUBMISSION**; at our email address i.e. infoijrcm@gmail.com or online by clicking the link **online submission** as given on our website ([FOR ONLINE SUBMISSION, CLICK HERE](#)).

GUIDELINES FOR SUBMISSION OF MANUSCRIPT

1. **COVERING LETTER FOR SUBMISSION:**

DATED: _____

THE EDITOR

IJRCM

Subject: SUBMISSION OF MANUSCRIPT IN THE AREA OF _____.

(e.g. Finance/Mkt./HRM/General Mgt./Engineering/Economics/Computer/IT/ Education/Psychology/Law/Math/other, please specify)

DEAR SIR/MADAM

Please find my submission of manuscript titled ‘ _____ ’ for likely publication in one of your journals.

I hereby affirm that the contents of this manuscript are original. Furthermore, it has neither been published anywhere in any language fully or partly, nor it is under review for publication elsewhere.

I affirm that all the co-authors of this manuscript have seen the submitted version of the manuscript and have agreed to inclusion of their names as co-authors.

Also, if my/our manuscript is accepted, I agree to comply with the formalities as given on the website of the journal. The Journal has discretion to publish our contribution in any of its journals.

NAME OF CORRESPONDING AUTHOR :
 Designation/Post* :
 Institution/College/University with full address & Pin Code :
 Residential address with Pin Code :
 Mobile Number (s) with country ISD code :
 Is WhatsApp or Viber active on your above noted Mobile Number (Yes/No) :
 Landline Number (s) with country ISD code :
 E-mail Address :
 Alternate E-mail Address :
 Nationality :

* i.e. Alumnus (Male Alumni), Alumna (Female Alumni), Student, Research Scholar (M. Phil), Research Scholar (Ph. D.), JRF, Research Assistant, Assistant Lecturer, Lecturer, Senior Lecturer, Junior Assistant Professor, Assistant Professor, Senior Assistant Professor, Co-ordinator, Reader, Associate Professor, Professor, Head, Vice-Principal, Dy. Director, Principal, Director, Dean, President, Vice Chancellor, Industry Designation etc. **The qualification of author is not acceptable for the purpose.**

NOTES:

- a) The whole manuscript has to be in **ONE MS WORD FILE** only, which will start from the covering letter, inside the manuscript. ***pdf. version is liable to be rejected without any consideration.***
 - b) The sender is required to mention the following in the **SUBJECT COLUMN of the mail:**
New Manuscript for Review in the area of (e.g. Finance/Marketing/HRM/General Mgt./Engineering/Economics/Computer/IT/ Education/Psychology/Law/Math/other, please specify)
 - c) There is no need to give any text in the body of the mail, except the cases where the author wishes to give any **specific message** w.r.t. to the manuscript.
 - d) The total size of the file containing the manuscript is expected to be below **1000 KB**.
 - e) Only the **Abstract will not be considered for review** and the author is required to submit the **complete manuscript** in the first instance.
 - f) **The journal gives acknowledgement w.r.t. the receipt of every email within twenty-four hours** and in case of non-receipt of acknowledgment from the journal, w.r.t. the submission of the manuscript, within two days of its submission, the corresponding author is required to demand for the same by sending a separate mail to the journal.
 - g) The author (s) name or details should not appear anywhere on the body of the manuscript, except on the covering letter and the cover page of the manuscript, in the manner as mentioned in the guidelines.
2. **MANUSCRIPT TITLE:** The title of the paper should be typed in **bold letters, centered and fully capitalised**.
 3. **AUTHOR NAME (S) & AFFILIATIONS:** Author (s) name, designation, affiliation (s), address, mobile/landline number (s), and email/alternate email address should be given underneath the title.
 4. **ACKNOWLEDGMENTS:** Acknowledgements can be given to reviewers, guides, funding institutions, etc., if any.
 5. **ABSTRACT:** Abstract should be in **fully Italic printing**, ranging between **150 to 300 words**. The abstract must be informative and elucidating the background, aims, methods, results & conclusion in a **SINGLE PARA**. **Abbreviations must be mentioned in full**.
 6. **KEYWORDS:** Abstract must be followed by a list of keywords, subject to the maximum of **five**. These should be arranged in alphabetic order separated by commas and full stop at the end. All words of the keywords, including the first one should be in small letters, except special words e.g. name of the Countries, abbreviations etc.
 7. **JEL CODE:** Provide the appropriate Journal of Economic Literature Classification System code (s). JEL codes are available at www.aea-web.org/econlit/jelCodes.php. However, mentioning of JEL Code is not mandatory.
 8. **MANUSCRIPT:** Manuscript must be in **BRITISH ENGLISH** prepared on a standard A4 size **PORTRAIT SETTING PAPER**. **It should be free from any errors i.e. grammatical, spelling or punctuation. It must be thoroughly edited at your end.**
 9. **HEADINGS:** All the headings must be bold-faced, aligned left and fully capitalised. Leave a blank line before each heading.
 10. **SUB-HEADINGS:** All the sub-headings must be bold-faced, aligned left and fully capitalised.
 11. **MAIN TEXT:**

THE MAIN TEXT SHOULD FOLLOW THE FOLLOWING SEQUENCE:**INTRODUCTION****REVIEW OF LITERATURE****NEED/IMPORTANCE OF THE STUDY****STATEMENT OF THE PROBLEM****OBJECTIVES****HYPOTHESIS (ES)****RESEARCH METHODOLOGY****RESULTS & DISCUSSION****FINDINGS****RECOMMENDATIONS/SUGGESTIONS****CONCLUSIONS****LIMITATIONS****SCOPE FOR FURTHER RESEARCH****REFERENCES****APPENDIX/ANNEXURE****The manuscript should preferably be in 2000 to 5000 WORDS, But the limits can vary depending on the nature of the manuscript.**

12. **FIGURES & TABLES:** These should be simple, crystal **CLEAR, centered, separately numbered** & self-explained, and the **titles must be above the table/figure. Sources of data should be mentioned below the table/figure. It should be ensured that the tables/figures are referred to from the main text.**
13. **EQUATIONS/FORMULAE:** These should be consecutively numbered in parenthesis, left aligned with equation/formulae number placed at the right. The equation editor provided with standard versions of Microsoft Word may be utilised. If any other equation editor is utilised, author must confirm that these equations may be viewed and edited in versions of Microsoft Office that does not have the editor.
14. **ACRONYMS:** These should not be used in the abstract. The use of acronyms is elsewhere is acceptable. Acronyms should be defined on its first use in each section e.g. Reserve Bank of India (RBI). Acronyms should be redefined on first use in subsequent sections.
15. **REFERENCES:** The list of all references should be alphabetically arranged. **The author (s) should mention only the actually utilised references in the preparation of manuscript** and they may follow Harvard Style of Referencing. **Also check to ensure that everything that you are including in the reference section is duly cited in the paper.** The author (s) are supposed to follow the references as per the following:
- All works cited in the text (including sources for tables and figures) should be listed alphabetically.
 - Use (ed.) for one editor, and (ed.s) for multiple editors.
 - When listing two or more works by one author, use --- (20xx), such as after Kohl (1997), use --- (2001), etc., in chronologically ascending order.
 - Indicate (opening and closing) page numbers for articles in journals and for chapters in books.
 - The title of books and journals should be in italic printing. Double quotation marks are used for titles of journal articles, book chapters, dissertations, reports, working papers, unpublished material, etc.
 - For titles in a language other than English, provide an English translation in parenthesis.
 - **Headers, footers, endnotes and footnotes should not be used in the document.** However, **you can mention short notes to elucidate some specific point**, which may be placed in number orders before the references.

ABSTRACT

Risk and Return is the core concept in financial analysis of an investment. It helps in decision making, which leads to attain main two objectives, that is profit maximization and wealth maximization. So, it is necessary for an investor to consider the influence of expected return along with risk factor. The risk and return trade off reveals that the potential return rises with increasing risk factors. In short, when the return is higher, risk is also higher. The COVID 19 pandemic created a huge impact on overall stock market. Thus the art of investment is to see that, return is maximized with minimum risk. Therefore, the combination of securities with different risk-return characterizes constitute a portfolio of the investor.

KEYWORDS

COVID 19, BSE indices, return, capital asset pricing model.

JEL CODE

G11

INTRODUCTION

The risk and return is a major concept in financial analysis. It is necessary for an individual, company and organization to make a decision regarding risk, in order to get maximum benefit in future whereas, return is the amount which an investor actually earned on investment during a fixed period of time. In other words, risk and return analysis is the method of calculating whether the investment may or may not get the actual or expected return.

SCOPE OF THE STUDY

The study mainly covers risk and return relationship of 5 selected sectors which had an impact due to covid-19 issue in Indian stock market. The 5 sectors include aviation sector, retail sector, financial sector, realty sector and automobiles sector especially 2 and 3 wheelers. Based on market capitalization 3 companies have been selected in each sectors.

OBJECTIVES OF THE STUDY

1. To study the volatility in share price of selected companies in BSE indices.
2. To analyze the risk in the securities of selected sector during COVID 19.
3. To identify the relationship between risk and return of selected securities.

METHODOLOGY OF THE STUDY

The secondary data is used in the research which is collected from various sources such as BSE websites, journals and newspapers. The data related to share price movement of selected companies were collected for 3 months (March, April, and May). Beta and Alpha has been used as a technical tool for analysis.

LIMITATIONS

This study is purely to understand the risk and return characteristics and it is restricted to 5 sectors and the companies were selected on the market capitalization from BSE index.

REVIEW OF LITERATURE

1. Dr. Premachandran (2016), conducted a study on Volatility and Return of Indian Banking sector index, this study also intended to analyze risk and return of 12 banks listed in Bank Nifty. And the study suggests that except HDFC bank all other bank are highly volatile than the market.
2. Dr. S. Krishnaprabha & Mr.M. Vijayakumar (2015), conducted a study on risk & return analysis of selected stocks in India, the study includes Banking, IT, Automobile sector, Pharmaceutical Sector, Fast Moving Consumer Goods Sector for the period of 5 years. And the study suggests that Banking sector and Automobile Sector possess high risk and gives low return on the other hand Information Technology, fast moving consumer goods & Pharmaceutical possess low risk and high return.
3. Mr. Sunil M Rashinkar and Mrs. Divya U (2014), conducted a study on Market Risk Analysis of selected Banking Stock in India, the study was limited to five nationalized banks in India for a period of one year. The study reveals that when the betas were negative, it implies that these stocks are moved against the market and less affected by market risk. On the other hand, if the betas were more than one, it indicates that these stocks were exposed to high market risk.

DEFINITION OF BETA

To measure the systematic risk of securities or portfolio with market, beta has been used. It is generally used in capital asset pricing model (CAPM), in order to calculate the expected return of an asset based on beta. Using regression analysis; beta is calculated to find out tendency of security returns to respond to market. A beta of 1 indicates that the security's price will move with the market. If beta is less than 1 means that the security will be less volatile than the market. A beta of greater than 1 indicates that the security's price will be more volatile than the market.

TABLE 1: VOLATILITY OF SHARE PRICE OF SELECTED COMPANIES

SECTOR	COMPANIES	BETA VALUES	VOLATILITY
AVIATION INDUSTRY	INTERGLOBE AVIATION (INDIGO)	0.5509	MORE VOLATILE
	JET AIRWAYS	0.2817	LESS VOLATILE
	SPICEJET	0.6528	MORE VOLATILE
RETAIL SECTOR	AVENUE SUPERMARTS LTD	0.6100	MORE VOLATILE
	FUTURE RETAIL LTD	0.3461	LESS VOLATILE
	ADITYA BIRLA FASHION AND RETAIL LTD	0.7681	MORE VOLATILE
FINANCIAL SECTOR	TCS	0.7856	LESS VOLATILE
	RELIANCE INDUSTRIES LTD	1.1200	MORE VOLATILE
	HDFC BANK	1.0660	MORE VOLATILE
REALTY SECTOR	DLF LTD	1.0954	MORE VOLATILE
	EMBASSY OFFICE	0.4928	LESS VOLATILE
	GODREJ PROPERTIES	1.2124	MORE VOLATILE
AUTOMOBILES (2 & 3 WHEELERS)	BAJAJ AUTO	0.8712	MORE VOLATILE
	HERO MOTORS	0.9231	MORE VOLATILE
	TVS MOTORS	0.7457	LESS VOLATILE

Source: www.bseindia.com

In Aviation Sector, the lowest beta is found in Jet Airways (0.281), whereas highest beta is found in Spice Jet (0.652), which indicates that the degree of risk is less in jet airways when compared to Spice Jet (0.652) and Indigo (0.55094).

In Retail sector, the lowest beta is found in future retail ltd. (0.346) whereas highest beta is found in Aditya Birla (0.768) which shows that the degree of risk is less in Future Retail Ltd., when compared with Avenue Supermarket (0.610) and Aditya Birla (0.768).

In Financial sector, the lowest beta is found in TCS (0.785) which indicated that the degree of risk is less when compared with HDFC (1.066) and Reliance (1.120). Thus it helps the investor to make better investment decision.

In Realty, the lowest beta is found in Embassy Office (0.492) whereas the highest beta is found in Godrej Properties (1.212) which indicated that degree of risk is less in Embassy Office when it is compared with DLF (1.095) and Godrej (1.212).

In Automobiles, especially in 2&3 wheelers, the lowest beta is found in TVS Motors (0.745) and highest beta is found in Hero Motors (0.923) which indicates that the degree of risk is less in TVS motors when compared with Bajaj Auto (0.871) and Hero Motors (0.923)

Thus beta indicated how stock is behaving in relation to market. That is when beta is greater than 1 stock is more risker than market index and vice versa. This shows that if the market index changes by 1%, the stock return changes by 1%. The lowest beta is found in Aviation Industry-Jet Airways (0.281) which indicated that the degree of risk associated with Jet Airways is less, thus it helps the investors to make investment decision. Whereas the highest beta is found in Realty sector, Godrej (1.212) which indicated that the degree of risk associated with Godrej is high and stock is more unpredictable.

DEFINITION OF ALPHA

Alpha is a commonly quoted indicator of investment performance. It is defined as the excess return on investment relative to the return on benchmark index. Alpha is also a measure of risk. An alpha of zero suggests that an investment has earned a return commensurate with the risk. If alpha is positive, it shows healthy sign of investment. If alpha is negative, it shows non-active form of investment with high risk factors. Thus Alpha and Beta are used together by investors to calculate, compare and analyze returns.

TABLE 2: ANALYSES ON RISK AND RETURN ON SELECTED SECTOR

SECTOR	COMPANIES	ALPHA VALUES	RETURN ANALYSIS
AVIATION INDUSTRY	INTERGLOBE AVIATION (INDIGO)	-0.00229	PASSIVE
	JET AIRWAYS	-0.0003	PASSIVE
	SPICEJET	-0.00674	PASSIVE
RETAIL SECTOR	AVENUE SUPERMARTS LTD	0.002134	ACTIVE
	FUTURE RETAIL LTD	-0.01967	PASSIVE
	ADITYA BIRLA FASHION AND RETAIL LTD	-0.00956	PASSIVE
FINANCIAL SECTOR	TCS	0.002073	ACTIVE
	RELIANCE INDUSTRIES LTD	0.005554	ACTIVE
	HDFC BANK	-0.00052	PASSIVE
REALTY SECTOR	DLF LTD	-0.00171	PASSIVE
	EMBASSY OFFICE	-0.00396	PASSIVE
	GODREJ PROPERTIES	-0.00258	PASSIVE
AUTOMOBILES (2 & 3 WHEELERS)	BAJAJ AUTO	0.002177	ACTIVE
	HERO MOTORS	0.06238	ACTIVE
	TVS MOTORS	-0.00138	PASSIVE

Source: www.bseindia.com

In Aviation sector, the negative highest value of alpha is found in Spice jet and lowest value of alpha is found in Jet airways. Thus comparatively Jet airways had outperformed its benchmark and shows worthy performance in this particular sector.

In Retail sector, the highest value of alpha is found in Avenue Supermarts Ltd and lowest value of alpha is found in Future Retail Ltd and Aditya Birla Fashion And Retail Ltd. Thus comparatively Avenue Supermarts Ltd had outperformed its benchmark and shows worthy performance in this sector.

In Financial sector, the highest value of alpha is found in Reliance Industries Ltd, TCS and lowest value of alpha is found in HDFC bank. Thus comparatively Reliance Industries Ltd and TCS had outperformed its benchmark and shows worthy performance.

In Realty, the negative highest value of alpha is found in Embassy Office, Godrej Properties and lowest value of alpha is found in DLF Ltd. Thus comparatively DLF Ltd had outperformed its benchmark and shows worthy performance.

In Automobiles especially in 2&3 wheelers, the highest value of alpha is found in Hero motors, Bajaj auto and lowest value of alpha is found in TVS motors. Thus comparatively Hero motors and Bajaj auto had outperformed its benchmark and shows worthy performance.

Thus Avenue Supermarts Ltd, Reliance Industries Ltd, TCS, Hero motors and Bajaj auto shows positive alpha which is the active sign of investment. Thus, positive alpha indicates that stock return is independent of market return, which implies that these stocks are moved against the market and less affected by market risk.

CONCLUSION

The stock market investment is always subjected to high risk and high return. So, timely investment strategies should be used in order to survive in the market and to obtain the maximum benefits. In stock market there are numbers of Investment avenues subjected to market risk. The lowest beta is found in Aviation Industry-Jet Airways (0.281) which indicated that the degree of risk associated with Jet Airways is less, thus it helps the investors to make investment decision. Whereas the highest beta is found in Realty sector, Godrej (1.212) which indicated that the degree of risk associated with Godrej is high and stock is more unpredictable. And also Avenue Supermarts Ltd, Reliance Industries Ltd, TCS, Hero motors and Bajaj auto shows positive alpha which is the active sign of investment.

Thus, positive alpha indicates that stock return is independent of market return, which implies that these stocks are moved against the market and less affected by market risk. It is therefore important for an investor to analyze the daily volatility of stock while constructing a profitable portfolio.

REQUEST FOR FEEDBACK

Dear Readers

At the very outset, International Journal of Research in Computer Application & Management (IJRCM) acknowledges & appreciates your efforts in showing interest in our present issue under your kind perusal.

I would like to request you to supply your critical comments and suggestions about the material published in this issue, as well as on the journal as a whole, on our e-mail infoijrcm@gmail.com for further improvements in the interest of research.

If you have any queries, please feel free to contact us on our e-mail infoijrcm@gmail.com.

I am sure that your feedback and deliberations would make future issues better – a result of our joint effort.

Looking forward to an appropriate consideration.

With sincere regards

Thanking you profoundly

Academically yours

Sd/-

Co-ordinator

Readers are encouraged to confirm the information contained herein with other sources. The responsibility of the contents and the opinions expressed in this journal are exclusively of the author (s) concerned.

ABOUT THE JOURNAL

In this age of Commerce, Economics, Computer, I.T. & Management and cut throat competition, a group of intellectuals felt the need to have some platform, where young and budding managers and academicians could express their views and discuss the problems among their peers. This journal was conceived with this noble intention in view. This journal has been introduced to give an opportunity for expressing refined and innovative ideas in this field. It is our humble endeavour to provide a springboard to the upcoming specialists and give a chance to know about the latest in the sphere of research and knowledge. We have taken a small step and we hope that with the active co-operation of like-minded scholars, we shall be able to serve the society with our humble efforts.
