CALL FOR MANUSCRIPTS

We invite unpublished novel, original, empirical and high quality research work pertaining to the recent developments & practices in the areas of Computer Science & Applications; Commerce; Business; Finance; Marketing; Human Resource Management; General Management; Banking; Economics; Tourism Administration & Management; Education; Law; Library & Information Science; Defence & Strategic Studies; Electronic Science; Corporate Governance; Industrial Relations; and emerging paradigms in allied subjects like Accounting; Accounting Information Systems; Accounting Theory & Practice; Auditing; Behavioral Accounting; Behavioral Economics; Corporate Finance; Cost Accounting; Econometrics; Economic Development; Economic History; Financial Institutions & Markets; Financial Services; Fiscal Policy; Government & Non Profit Accounting; Industrial Organization; International Economics & Trade; International Finance; Macro Economics; Micro Economics; Rural Economics; Co-operation; Demography; Development Planning; Development Studies; Applied Economics; Development Economics; Business Economics; Monetary Policy; Public Policy Economics; Real Estate; Regional Economics; Political Science; Continuing Education; Labour Welfare; Philosophy; Psychology; Sociology; Tax Accounting; Advertising & Promotion Management; Management Information Systems (MIS); Business Law; Public Responsibility & Ethics; Communication; Direct Marketing; E-Commerce; Global Business; Health Care Administration; Labour Relations & Human Resource Management; Marketing Research; Marketing Theory & Applications; Non-Profit Organizations; Office Administration/Management; Operations Research/Statistics; Organizational Behavior & Theory; Organizational Development; Production/Operations; International Relations; Human Rights & Duties; Public Administration; Population Studies; Purchasing/Materials Management; Retailing; Sales/Selling; Services; Small Business Entrepreneurship; Strategic Management Policy; Technology/Innovation; Tourism & Hospitality; Transportation Distribution; Algorithms; Artificial Intelligence; Compilers & Translation; Computer Aided Design (CAD); Computer Aided Manufacturing; Computer Graphics; Computer Organization & Architecture; Database Structures & Systems; Discrete Structures; Internet; Management Information Systems; Modeling & Simulation; Neural Systems/Neural Networks; Numerical Analysis/Scientific Computing; Object Oriented Programming; Operating Systems; Programming Languages; Robotics; Symbolic & Formal Logic; Web Design and emerging paradigms in allied subjects.

Anybody can submit the **soft copy** of unpublished novel; original; empirical and high quality **research work/manuscript** **anytime** in **M.S. Word format** after preparing the same as per our **GUIDELINES FOR SUBMISSION**; at our email address i.e. infoijrcm@gmail.com or online by clicking the link **online submission** as given on our website ([FOR ONLINE SUBMISSION, CLICK HERE](#)).

GUIDELINES FOR SUBMISSION OF MANUSCRIPT

1. **COVERING LETTER FOR SUBMISSION:**

DATED: _____

THE EDITOR

IJRCM

Subject: SUBMISSION OF MANUSCRIPT IN THE AREA OF _____.

(e.g. Finance/Mkt./HRM/General Mgt./Engineering/Economics/Computer/IT/ Education/Psychology/Law/Math/other, please specify)

DEAR SIR/MADAM

Please find my submission of manuscript titled ‘ _____ ’ for likely publication in one of your journals.

I hereby affirm that the contents of this manuscript are original. Furthermore, it has neither been published anywhere in any language fully or partly, nor it is under review for publication elsewhere.

I affirm that all the co-authors of this manuscript have seen the submitted version of the manuscript and have agreed to inclusion of their names as co-authors.

Also, if my/our manuscript is accepted, I agree to comply with the formalities as given on the website of the journal. The Journal has discretion to publish our contribution in any of its journals.

NAME OF CORRESPONDING AUTHOR :
 Designation/Post* :
 Institution/College/University with full address & Pin Code :
 Residential address with Pin Code :
 Mobile Number (s) with country ISD code :
 Is WhatsApp or Viber active on your above noted Mobile Number (Yes/No) :
 Landline Number (s) with country ISD code :
 E-mail Address :
 Alternate E-mail Address :
 Nationality :

* i.e. Alumnus (Male Alumni), Alumna (Female Alumni), Student, Research Scholar (M. Phil), Research Scholar (Ph. D.), JRF, Research Assistant, Assistant Lecturer, Lecturer, Senior Lecturer, Junior Assistant Professor, Assistant Professor, Senior Assistant Professor, Co-ordinator, Reader, Associate Professor, Professor, Head, Vice-Principal, Dy. Director, Principal, Director, Dean, President, Vice Chancellor, Industry Designation etc. **The qualification of author is not acceptable for the purpose.**

NOTES:

- a) The whole manuscript has to be in **ONE MS WORD FILE** only, which will start from the covering letter, inside the manuscript. **pdf. version is liable to be rejected without any consideration.**
 - b) The sender is required to mention the following in the **SUBJECT COLUMN of the mail:**
New Manuscript for Review in the area of (e.g. Finance/Marketing/HRM/General Mgt./Engineering/Economics/Computer/IT/ Education/Psychology/Law/Math/other, please specify)
 - c) There is no need to give any text in the body of the mail, except the cases where the author wishes to give any **specific message** w.r.t. to the manuscript.
 - d) The total size of the file containing the manuscript is expected to be below **1000 KB.**
 - e) Only the **Abstract will not be considered for review** and the author is required to submit the **complete manuscript** in the first instance.
 - f) **The journal gives acknowledgement w.r.t. the receipt of every email within twenty-four hours** and in case of non-receipt of acknowledgment from the journal, w.r.t. the submission of the manuscript, within two days of its submission, the corresponding author is required to demand for the same by sending a separate mail to the journal.
 - g) The author (s) name or details should not appear anywhere on the body of the manuscript, except on the covering letter and the cover page of the manuscript, in the manner as mentioned in the guidelines.
2. **MANUSCRIPT TITLE:** The title of the paper should be typed in **bold letters, centered and fully capitalised.**
 3. **AUTHOR NAME (S) & AFFILIATIONS:** Author (s) **name, designation, affiliation (s), address, mobile/landline number (s), and email/alternate email address** should be given underneath the title.
 4. **ACKNOWLEDGMENTS:** Acknowledgements can be given to reviewers, guides, funding institutions, etc., if any.
 5. **ABSTRACT:** Abstract should be in **fully Italic printing**, ranging between **150 to 300 words**. The abstract must be informative and elucidating the background, aims, methods, results & conclusion in a **SINGLE PARA. Abbreviations must be mentioned in full.**
 6. **KEYWORDS:** Abstract must be followed by a list of keywords, subject to the maximum of **five**. These should be arranged in alphabetic order separated by commas and full stop at the end. All words of the keywords, including the first one should be in small letters, except special words e.g. name of the Countries, abbreviations etc.
 7. **JEL CODE:** Provide the appropriate Journal of Economic Literature Classification System code (s). JEL codes are available at www.aea-web.org/econlit/jelCodes.php. However, mentioning of JEL Code is not mandatory.
 8. **MANUSCRIPT:** Manuscript must be in **BRITISH ENGLISH** prepared on a standard A4 size **PORTRAIT SETTING PAPER. It should be free from any errors i.e. grammatical, spelling or punctuation. It must be thoroughly edited at your end.**
 9. **HEADINGS:** All the headings must be bold-faced, aligned left and fully capitalised. Leave a blank line before each heading.
 10. **SUB-HEADINGS:** All the sub-headings must be bold-faced, aligned left and fully capitalised.
 11. **MAIN TEXT:**

THE MAIN TEXT SHOULD FOLLOW THE FOLLOWING SEQUENCE:**INTRODUCTION****REVIEW OF LITERATURE****NEED/IMPORTANCE OF THE STUDY****STATEMENT OF THE PROBLEM****OBJECTIVES****HYPOTHESIS (ES)****RESEARCH METHODOLOGY****RESULTS & DISCUSSION****FINDINGS****RECOMMENDATIONS/SUGGESTIONS****CONCLUSIONS****LIMITATIONS****SCOPE FOR FURTHER RESEARCH****REFERENCES****APPENDIX/ANNEXURE****The manuscript should preferably be in 2000 to 5000 WORDS, But the limits can vary depending on the nature of the manuscript.**

12. **FIGURES & TABLES:** These should be simple, crystal **CLEAR, centered, separately numbered** & self-explained, and the **titles must be above the table/figure. Sources of data should be mentioned below the table/figure. It should be ensured that the tables/figures are referred to from the main text.**
13. **EQUATIONS/FORMULAE:** These should be consecutively numbered in parenthesis, left aligned with equation/formulae number placed at the right. The equation editor provided with standard versions of Microsoft Word may be utilised. If any other equation editor is utilised, author must confirm that these equations may be viewed and edited in versions of Microsoft Office that does not have the editor.
14. **ACRONYMS:** These should not be used in the abstract. The use of acronyms is elsewhere is acceptable. Acronyms should be defined on its first use in each section e.g. Reserve Bank of India (RBI). Acronyms should be redefined on first use in subsequent sections.
15. **REFERENCES:** The list of all references should be alphabetically arranged. **The author (s) should mention only the actually utilised references in the preparation of manuscript** and they may follow Harvard Style of Referencing. **Also check to ensure that everything that you are including in the reference section is duly cited in the paper.** The author (s) are supposed to follow the references as per the following:
- All works cited in the text (including sources for tables and figures) should be listed alphabetically.
 - Use (ed.) for one editor, and (ed.s) for multiple editors.
 - When listing two or more works by one author, use --- (20xx), such as after Kohl (1997), use --- (2001), etc., in chronologically ascending order.
 - Indicate (opening and closing) page numbers for articles in journals and for chapters in books.
 - The title of books and journals should be in italic printing. Double quotation marks are used for titles of journal articles, book chapters, dissertations, reports, working papers, unpublished material, etc.
 - For titles in a language other than English, provide an English translation in parenthesis.
 - **Headers, footers, endnotes and footnotes should not be used in the document. However, you can mention short notes to elucidate some specific point,** which may be placed in number orders before the references.

SUPER TREND SCALPING STRATEGY FOR NIFTY FUTURES & OPTIONS TRADING

DR. PRAVIN MOKASHI
HEAD
DEPARTMENT OF COMMERCE
R K T COLLEGE
ULHASNAGAR

ABSTRACT

In the Indian stock market, a new class of intraday traders has emerged after the online trading and availability of cheap internet as well broker's softwares. Scalping is the shortest form of intraday trading in which the scalpers try to make money by accumulating smaller profits from multiple trades every day. This paper provides an effective strategy for scalping with the use of super trend indicator devised by Oliver Seban.

KEYWORDS

calls, puts, scalping, super trend.

INTRODUCTION

Markets of the traded financial securities have globally evolved over the years & have opened lucrative opportunities for traders & investors. Extensive use of computers, software & internet have made it possible for the educated class in urban areas to have direct online access to these markets. Fundamental & technical analysis are the means of understanding & analysing these markets with fair degree of effectiveness. This paper is based on my practical working in the Indian stock market for the period of last 22 years. Though this paper is confined to scalping¹ NIFTY² F&O³ using Super Trend⁴ Indicator of technical analysis, the strategy can prove to be effective in other financial markets of traded securities, as well.

TRADING V/S INVESTING

In stock markets, the term 'traders' is used to indicate the market participants who buy, hold & sell or short-sell, wait & buy to cover position within a short period. This period may be of a few minutes [scalp trading], few hours [day trading], two days [BTST⁵/STBT⁶], three days to few weeks [swing trading] or one to three months [position trading]. 'Investor' on the other hand is essentially a short, medium or long term buyer & seller with the holding period of more than three months to few quarters, years or even decades.

SCALPING

As stated earlier, scalping is the fastest method of intra-day trading in which the trader holds his/her position [long or short] only for a few minutes. Sometimes, even few seconds are sufficient to get in & out of a trade. A scalper may hold on to his position for few more minutes if the market is continuously moving in the direction of his/her trade.

PRE-REQUISITES OF SCALPING

1. A scalper must have interest in scalping & ability to sit in front of computer throughout the trading session with full concentration.
2. A scalper must have working knowledge of using computers, internet, technical analysis & trading softwares, provided by the brokers.
3. A scalper must have minimal transaction cost in the form of brokerage, tax & other charges. Scalpers generally pay fixed amount of brokerage, irrespective of number of transactions & volume of their trades. Scalpers have bigger trading exposure against their deposits with brokers.
4. Stocks or Indices suitable for scalping have very high liquidity in terms of traded volume. Index stocks as well as F&O securities are therefore more suitable for scalping. In the Indian stock markets, National Stock Market [NSC] index NIFTY & BANKNIFTY are excellent securities for scalping.
5. Scalpers remain focused on the trading charts throughout the trading session, therefore, they need a proper trading place or the trading room.

RULES FOR SCALPING NIFTY

1. Trade what you see & not what you think.
2. Trading strategy must be robust, tested & confirmed.
3. Keep your trading lot size fixed.
4. When in doubt, get out & stay out.
5. Keep yourself mentally & physically alert.

THE STRATEGY

Finally, the statistically confirmed & experientially proven professional NIFTY scalping strategy is explained in the following lines.

01. Markets have three trends – major, intermediate & short term. In NIFTY scalping, the three trends are indicated by 75 minutes, 15 minutes & 3 minutes' charts. In the ocean analogy, it is described as tide, wave & ripple respectively. Tide has the strongest trend followed by wave & ripple. Therefore, in NIFTY scalping, trades are always selected in the direction of tide trend. When wave & ripple are following the tide trend, trades are identified & executed.
02. For trading the trend, [as explained in 1] identifying the trend is crucial. The method used for this purpose is [03, 10] & [01, 10] pair of Super trend indicator. It is practically more effective in NIFTY scalping than most of the other trend following indicators.
03. NIFTY Futures charts is the basis of NIFTY scalping. All the decisions of entry, stop loss & exit levels are taken only by analysing the NIFTY futures chart.
04. Details of calculating ATR [Average True Range]⁷ & Super trend⁸ could be seen in the videos referred in the end notes.
05. As stated earlier, the Super Trend pair of [03, 10] & [01, 10] is used on three time frames viz. 03 min., 15 min. & 75 min. It's advisable to use tilted charts to have complete view of the three time frames simultaneously.
06. LONG/BUY⁹ signal is triggered on NIFTY FUTURES chart when price crosses above the previous day's high &:
 - a. [01, 10] Super Trend is > [03, 10] Super Trend on 75 min. chart &
 - b. [01, 10] Super Trend is > [03, 10] Super Trend on 15 min. chart &
 - c. [01, 10] Super Trend is > [03, 10] Super Trend on 03 min. chart &
 - d. Price close is > [01, 10] Super Trend on 03 min. chart.
 - e. STOP LOSS¹⁰ is placed < the [01, 10] Super Trend on 03 min. chart, below the previous price bar. A scalper keeps trailing the STOP LOSS.
 - f. EXIT signal is triggered when Price is < [01, 10] Super Trend on 03 min. chart below the previous price bar.
07. SHORT SELL¹¹ signal is triggered on NIFTY FUTURES chart when price crosses below the previous day's low &:
 - a. [01,10] Super Trend is < [03, 10] Super Trend on 75 min. chart &

- b. [01, 10] Super Trend is < [03, 10] Super Trend on 15 min. chart &
 - c. [01, 10] Super Trend is < [03, 10] Super Trend on 03 min. chart &
 - d. Price close is < [01, 10] Super Trend on 03 min. chart.
 - e. STOP LOSS is placed > the [01, 10] Super Trend on 03 min. chart, above the previous price bar. A scalper keeps trailing the STOP LOSS.
 - f. EXIT signal is triggered when Price is > [01, 10] Super Trend on 03 min. chart, above the previous price bar.
08. In this strategy, re-entry is always possible after a stop loss or exit, if other conditions are satisfied. In fact, a scalper frequently enters & exits to have multiple trades in a trading session.
09. Scalping the NIFTY OPTIONS¹²:
- a. Even for Nifty options trading, the chart used is of Nifty Futures only.
 - b. Instead of using the options strategy, buying CALLS¹³ when buy signals are triggered & buying PUTS¹⁴ when sell signals are triggered on Nifty Futures chart is the safe strategy. This strategy limits the risk to the extent of premium paid, at the point of entry.
 - c. While buying CALLS or PUTS, always select 'AT THE MONEY'¹⁵ strike price because, it has maximum liquidity & it's cheaper than IN THE MONEY¹⁶ or DEEP IN THE MONEY¹⁷ strike priced calls or puts. OUT OF THE MONEY¹⁸ calls or puts are cheaper but very slow moving.
 - d. Similarly, always buy calls or puts of the current series & not of the next or far series due to the liquidity problem.
 - e. As a scalper, one should never carry a position overnight, even if exit signals are not generated by the end of the session. This is for discipline & clarity in preparing oneself mentally before, during & after the sessions.
10. This scalping strategy has been statistically confirmed & experientially proven. The documentation of last 10 years proves its success rate between 73 % to 81 % in trending markets.

CONCLUSION

This NIFTY F&O scalping strategy is a means through which a scalper can not only make an affluent living but by extending its application to other financial markets of traded securities, be a professional scalper/trader.

18. The strike price of the option beyond the current price of the underlined security

REQUEST FOR FEEDBACK

Dear Readers

At the very outset, International Journal of Research in Computer Application & Management (IJRCM) acknowledges & appreciates your efforts in showing interest in our present issue under your kind perusal.

I would like to request you to supply your critical comments and suggestions about the material published in this issue, as well as on the journal as a whole, on our e-mail infoijrcm@gmail.com for further improvements in the interest of research.

If you have any queries, please feel free to contact us on our e-mail infoijrcm@gmail.com.

I am sure that your feedback and deliberations would make future issues better – a result of our joint effort.

Looking forward to an appropriate consideration.

With sincere regards

Thanking you profoundly

Academically yours

The journal, neither its publishers/Editors/ Editorial Board, nor any other party involved in the preparation of material contained in the journal represents or warrants that the information contained herein is in every respect accurate or complete, and they are not responsible for any errors or omissions or for the results obtained from the use of such material. Readers are encouraged to confirm the information contained herein with other sources. The responsibility of the contents and the opinions expressed in this journal are exclusively of the author (s) concerned.

ABOUT THE JOURNAL

In this age of Commerce, Economics, Computer, I.T. & Management and cut throat competition, a group of intellectuals felt the need to have some platform, where young and budding managers and academicians could express their views and discuss the problems among their peers. This journal was conceived with this noble intention in view. This journal has been introduced to give an opportunity for expressing refined and innovative ideas in this field. It is our humble endeavour to provide a springboard to the upcoming specialists and give a chance to know about the latest in the sphere of research and knowledge. We have taken a small step and we hope that with the active co-operation of like-minded scholars, we shall be able to serve the society with our humble efforts.
