# **CALL FOR MANUSCRIPTS**

We invite unpublished novel, original, empirical and high quality research work pertaining to recent developments & practices in the area of Computer, Business, Finance, Marketing, Human Resource Management, General Management, Banking, Insurance, Corporate Governance and emerging paradigms in allied subjects like Accounting Education; Accounting Information Systems; Accounting Theory & Practice; Auditing; Behavioral Accounting; Behavioral Economics; Corporate Finance; Cost Accounting; Econometrics; Economic Development; Economic History; Financial Institutions & Markets; Financial Services; Fiscal Policy; Government & Non Profit Accounting; Industrial Organization; International Economics & Trade; International Finance; Macro Economics; Micro Economics; Monetary Policy; Portfolio & Security Analysis; Public Policy Economics; Real Estate; Regional Economics; Tax Accounting; Advertising & Promotion Management; Business Education; Business Information Systems (MIS); Business Law, Public Responsibility & Ethics; Communication; Direct Marketing; E-Commerce; Global Business; Health Care Administration; Labor Relations & Human Resource Management; Marketing Research; Marketing Theory & Applications; Non-Profit Organizations; Office Administration/Management; Operations Research/Statistics; Organizational Behavior & Theory; Organizational Development; Production/Operations; Public Administration; Purchasing/Materials Management; Retailing; Sales/Selling; Services; Small Business Entrepreneurship; Strategic Management Policy; Technology/Innovation; Tourism, Hospitality & Leisure; Transportation/Physical Distribution; Algorithms; Artificial Intelligence; Compilers & Translation; Computer Aided Design (CAD); Computer Aided Manufacturing; Computer Graphics; Computer Organization & Architecture; Database Structures & Systems; Digital Logic; Discrete Structures; Internet; Management Information Systems; Modeling & Simulation; Multimedia; Neural Systems/Neural Networks; Numerical Analysis/Scientific Computing; Object Oriented Programming; Operating Systems; Programming Languages; Robotics; Symbolic & Formal Logic; Web Design. The above mentioned tracks are only indicative, and not exhaustive.

Anybody can submit the soft copy of his/her manuscript **anytime** in M.S. Word format after preparing the same as per our submission guidelines duly available on our website under the heading guidelines for submission, at the email addresses, [infoijrcm@gmail.com](mailto:infoijrcm@gmail.com) or [info@ijrcm.org.in](mailto:info@ijrcm.org.in).

## **GUIDELINES FOR SUBMISSION OF MANUSCRIPT**

### 1. **COVERING LETTER FOR SUBMISSION:**

DATED: \_\_\_\_\_

THE EDITOR

IJRCM

Subject: **SUBMISSION OF MANUSCRIPT IN THE AREA OF** \_\_\_\_\_.

**(e.g. Computer/IT/Finance/Marketing/HRM/General Management/other, please specify).**

DEAR SIR/MADAM

Please find my submission of manuscript titled ' \_\_\_\_\_ ' for possible publication in your journal.

I hereby affirm that the contents of this manuscript are original. Furthermore it has neither been published elsewhere in any language fully or partly, nor is it under review for publication anywhere.

I affirm that all author (s) have seen and agreed to the submitted version of the manuscript and their inclusion of name (s) as co-author (s).

Also, if our/my manuscript is accepted, I/We agree to comply with the formalities as given on the website of journal & you are free to publish our contribution to any of your journals.

NAME OF CORRESPONDING AUTHOR:

Designation:

Affiliation with full address & Pin Code:

Residential address with Pin Code:

Mobile Number (s):

Landline Number (s):

E-mail Address:

Alternate E-mail Address:

2. **INTRODUCTION:** Manuscript must be in British English prepared on a standard A4 size paper setting. It must be prepared on a single space and single column with 1" margin set for top, bottom, left and right. It should be typed in 8 point Calibri Font with page numbers at the bottom and centre of the every page.
3. **MANUSCRIPT TITLE:** The title of the paper should be in a 12 point Calibri Font. It should be bold typed, centered and fully capitalised.
4. **AUTHOR NAME(S) & AFFILIATIONS:** The author (s) full name, designation, affiliation (s), address, mobile/landline numbers, and email/alternate email address should be in italic & 11-point Calibri Font. It must be centered underneath the title.
5. **ABSTRACT:** Abstract should be in fully italicized text, not exceeding 250 words. The abstract must be informative and explain the background, aims, methods, results & conclusion in a single para.
6. **KEYWORDS:** Abstract must be followed by list of keywords, subject to the maximum of five. These should be arranged in alphabetic order separated by commas and full stops at the end.
7. **HEADINGS:** All the headings should be in a 10 point Calibri Font. These must be bold-faced, aligned left and fully capitalised. Leave a blank line before each heading.
8. **SUB-HEADINGS:** All the sub-headings should be in a 8 point Calibri Font. These must be bold-faced, aligned left and fully capitalised.
9. **MAIN TEXT:** The main text should be in a 8 point Calibri Font, single spaced and justified.
10. **FIGURES & TABLES:** These should be simple, centered, separately numbered & self explained, and titles must be above the tables/figures. Sources of data should be mentioned below the table/figure. It should be ensured that the tables/figures are referred to from the main text.
11. **EQUATIONS:** These should be consecutively numbered in parentheses, horizontally centered with equation number placed at the right.
12. **REFERENCES:** The list of all references should be alphabetically arranged. It must be single spaced, and at the end of the manuscript. The author (s) should mention only the actually utilised references in the preparation of manuscript and they are supposed to follow **Harvard Style of Referencing**. The author (s) are supposed to follow the references as per following:
  - All works cited in the text (including sources for tables and figures) should be listed alphabetically.
  - Use (**ed.**) for one editor, and (**ed.s**) for multiple editors.
  - When listing two or more works by one author, use --- (20xx), such as after Kohl (1997), use --- (2001), etc, in chronologically ascending order.
  - Indicate (opening and closing) page numbers for articles in journals and for chapters in books.
  - The title of books and journals should be in italics. Double quotation marks are used for titles of journal articles, book chapters, dissertations, reports, working papers, unpublished material, etc.
  - For titles in a language other than English, provide an English translation in parentheses.
  - The location of endnotes within the text should be indicated by superscript numbers.

**PLEASE USE THE FOLLOWING FOR STYLE AND PUNCTUATION IN REFERENCES:**

### ABSTRACT

India in its march towards being a developed one, is in dire need of FDI to establish itself stalwartly on economic footing. Like every other issue FDI too is governed by legal framework. Foreign investments into India are subject to the industrial policy established by the Department of Industrial Policy and Promotion (DIPP) under the Ministry of Commerce and Industry which is the nodal agency and the prime legislation governing FDI is Foreign Exchange Management Act, 1999 (FEMA), and side by side there exist a whole lot of regulations made there under and the various press notes, press releases and clarifications etc. issued on the subject from time to time. The revised FDI policy of India will surely carry forward the process of liberalization which further would assist in enhancing of the FDI into the Country. However, the revised FDI policy has kept itself miles away from significantly expected changes such as permitting FDI in Limited Liability Partnership, Multi-Brand Retail Trading – which are the most top of the chart agenda in the FDI. Further several other subjects on which draft discussion papers were released earlier for public comments have not also been responded to. It is imperative that these areas are also taken up by our Government for liberalization towards making India one of the most hot spot FDI destinations on the globe.

### KEYWORDS

FDI, Investment, India, Trade, Law.

### INTRODUCTION

 **very developing economy today is so called “FDI hungry”.** Beyond all doubts FDI bears a direct relation with sound economy. Considering case of India distinctively; India in its march towards being a developed one, is in dire need of FDI to establish itself stalwartly on economic footing. Like every other issue FDI too is governed by legal framework. Foreign investments into India are subject to the industrial policy established by the Department of Industrial Policy and Promotion (DIPP) under the Ministry of Commerce and Industry which is the nodal agency and the prime legislation governing FDI is Foreign Exchange Management Act, 1999 (FEMA), and side by side there exist a whole lot of regulations made there under and the various press notes, press releases and clarifications etc. issued on the subject from time to time.

To attract FDI factor which plays a stellar role is legal framework. There has been always a demand from the investor circles that legal framework should be so simplified and slackened that investors have an ease in investing. But the investor destinations inherently and specifically the emerging economies like India; many times have to face contradictions and paradoxes with its domestic demands i.e. protecting the interests of the domestic producers and in parallel to promote scales of FDI as well. Realizing this very potent fact, in an attempt to simplify the rules and regulations pertaining to the foreign direct investment policy, the Department of Industrial Policy and Promotion had issued a consolidated FDI policy (the “Circular”) on March 31, 2010. The Circular which became effective from April 1, 2010 consolidated all prior press notes / press releases / clarifications issued and reflected in a coherent manner the current policy framework on FDI thus becoming so called “**ready reckoner**” on foreign investment-related regulations. To the surprise of many, this time it was not meant to be a onetime affair but the Government this time had bigger plans to update the FDI policy bi-annually, by issuing a new circular which would supersede all prior press notes and circulars. Keeping intact the promise, in this chain the government of India has recently released the third edition of the Consolidated FDI Policy Circular on 31 March 2011 which has become effective from April 1, 2011. It is further crucial to note that it is necessary to comply with any changes notified by the Reserve Bank of India after the issuance of this Circular. Commenting on the new policy, commerce and industry minister Anand Sharma said, “*The Circular 1 of 2011 is a part of ongoing efforts of procedure simplification and FDI rationalization which will go a long way in inspiring investor confidence.*”<sup>1</sup> **Now the question which remains to be analyzed and answered is that whether this current drive of the Indian government will in actuality help in maintaining the balance between two contradictory interests existing in India and really come out to boost investor confidence or not.**

### WHY SUCH A TRIGGER OVER FDI?

The government has been mulling over liberalizing the foreign direct investment (FDI) policy since a few weeks post budget. The finance minister had said during the budget that India needs overseas funds flows to support its key domestic sectors and overhaul its infrastructure. Thus this time the prime aim of the government is to make sure that policy and legal framework do not become a stumbling block. During 2009-2010 FDI in India showed a whopping increase mainly due to grave recession in other parts of the globe but recent decline from April to May really is perturbing. Thus the Indian government has made scores of changes to the FDI policy to attract more foreign direct investment amidst 25% decline in FDI during the eleven month period between April-February 2010-11. FDI in flows in the country was USD 18.3 billion during April-February 2010-11, down 25 per cent from USD 24.6 billion in the same period last fiscal.<sup>2</sup> *Rajiv Kumar, director-general of FICCI, said, “We certainly need a more liberal FDI policy framework to attract larger foreign investments. This is especially needed in the context of declining FDI flows in the past few months.”*<sup>3</sup> The recent policy review on FDI has introduced a number of changes, and we will attempt to discuss all of the major ones on this article. Primarily, the changes appear to be investor friendly as they seek to remove several obstacles that have long held back foreign investment in crucial sectors. In fact, this policy review symbolizes one of the more progressive sets of changes made to FDI policy in recent times, as we shall examine.

## THE MAIN FEATURES OF THE NEW CONSOLIDATE FDI POLICY CIRCULAR

### ■ REMOVAL OF THE CONDITION OF PRIOR APPROVAL IN CASE OF EXISTING JOINT VENTURES/ TECHNICAL COLLABORATIONS IN THE "SAME FIELD":

This has been done through deletion of Clause 4.2.2 of the earlier Circular (No. 2 of 2010) which provided that FDI would be subject to the "Existing Venture/ tie-up conditions" as stated in sub-clauses of Clause 4.2.2 (basically stating that where a non-resident investor has an existing joint venture/ technology transfer/ trademark agreement, as on January 12, 2005, new proposals in the same field for investment/technology transfer/technology collaboration/trademark agreement would have to be under the Government approval route through FIPB/ Project Approval Board).<sup>4</sup> A discussion paper had been released by DIPP last year on the need for review of this condition. Based on stakeholder comments received by the DIPP on its discussion paper, the Government while releasing the FDI Circular 1 of 2011 has in its press release stated that it has decided to abolish this condition.<sup>5</sup> The press release further states that *"It is expected that this measure will promote the competitiveness of India as an investment destination and be instrumental in attracting higher levels of FDI and technology inflows into the country"*.<sup>6</sup> Foreign investors are no longer required to obtain Government approval even if they had previous ventures in India so long as the new investment otherwise falls within the automatic route. **This truly levels the playing field. It is perhaps the most significant and likely impactful change introduced in the new policy.**

### ■ PRICING OF CONVERTIBLE INSTRUMENT - GREATER FLEXIBILITY INTRODUCED

This has been done through amendment made in Clause 3.2.1 of the Circular which earlier provided that *"The pricing of the capital instruments should be decided/determined upfront at the time of issue of the instruments"* Now it has been added that "price / conversion formula" be determined upfront so in effect instead of having to specify the price of convertible instruments upfront, companies will now also have the option of prescribing a conversion formula, subject to the condition that price at the time of conversion should not in any case be lower than the fair value worked out, at the time of issuance of such instruments, in accordance with the prevailing valuation norms (viz. DCF method of valuation for the unlisted companies).<sup>7</sup> This would help the recipient companies in obtaining a better valuation based upon their performance.

### ■ LIBERALIZATION OF POLICY FOR NON-CASH CAPITAL CONTRIBUTIONS

This amendment has been brought about through additions in Clause 3.4.6 of the Circular. The existing policy FDI provided for conversion of only ECB/lump-sum fee/Royalty into equity. The Government has now decided to permit issue of equity, with prior approval from FIPB, in the following cases, subject to stipulated conditions:

- (a) Import of capital goods/ machinery/ equipment (including second-hand machinery)
- (b) Pre-operative/ pre-incorporation expenses (including payments of rent etc.)

**This measure, which liberalises conditions for conversion of non-cash items into equity, is expected to significantly ease the conduct of business.<sup>8</sup>**

### ■ FOREIGN INSTITUTIONAL INVESTOR INVESTMENT:

Clause 3.1.4 (i) of the earlier Circular 2 of 2010 provided as under: "An FII may invest in the capital of an Indian company either under the FDI Scheme/Policy or the Portfolio Investment Scheme. 10% individual limit and 24% aggregate limit for FII investment would still be applicable even when FIIs invest under the FDI scheme/policy." It has now been clarified in Clause 3.1.4 (i) that aggregate FII limit of 24% can be increased to sectoral cap/ statutory ceiling by Board of Directors resolution followed by special resolution in shareholders meeting.<sup>9</sup> While this has always been clear under the FEMA provisions, the earlier FDI Circulars did not specifically mention this and now with this amendment the provisions relating to FII investments are aligned with the FEMA provisions.

### ■ HUNDRED PERCENT FDI IN SOME AREA OF FARM SECTOR:

The new FDI Policy allow 100 per cent FDI in development and production of seeds and planting material, floriculture, horticulture, and cultivation of vegetables and mushrooms under controlled conditions. Besides, animal husbandry (including of breeding of dogs), pisciculture, aquaculture under controlled conditions and services related to agro and allied sectors have been brought under the 100 per cent FDI norm. Similarly, the tea sector has also been brought under the 100 per cent FDI norm. The DIPP has imposed certain conditions for companies dealing with development of transgenic seeds and vegetables wanting to take the 100 per cent FDI route. Under the 100 per cent FDI in tea sector, it demands compulsory divestment of 26 per cent equity of the company in favour of an Indian partner/Indian public within a period of five years prior to approval of the State Government concerned in case of any future land use change.<sup>10</sup>

## ASSESSING THE BRIGHTER SIDE

The government this time is much determined to raise the FDI levels and thus making the changes as swiftly as possible. This is surely a positive sign towards advancement of our economy. The government has in a key policy reform introduced flexibility for Indian companies to raise overseas capital but side by side even plugged the loopholes for back door FDI entry breaching sectoral caps. The business analysts across the country have welcomed the new policy as a welcome move and have regarded it as the most important move related to joint ventures as well. "PE equity across the sectors will get a huge push," said Punit Shah, executive director (tax and regulatory services) at auditing consultancy firm KPMG. Besides, FDI guidelines have been simplified and rationalised to help downstream investments.<sup>11</sup> "It brings in more clarity, nothing more," said Shah.<sup>12</sup> On the whole, the change in the policy will help particularly infrastructure companies, and capital-intensive industries in general. The change relates to more flexibility in issuance of equity. Even Power companies, new telecom operators and automobile component companies that import capital goods/machinery — including the second-hand equipment — can convert it into equity in projects in India. There has been serious opposition against the move to allow seed development by foreign companies. However, some progressive voices have supported the initiative. Sain Daas, president of Indian Mazie Development Association, termed it as a "corrective measure for growth of seed variety".

## EVALUATING FLIP SIDE OF THE COIN

Though the 2011 consolidated ready reckoner has liberalized rules to a greater extent yet some concerns still remain to be sorted out and pondered over seriously in order to fully reap the benefits of enhanced FDI in our much volatile economy. We cannot go on one side in promoting FDI blindly and ignoring the impact on our domestic inhabitants. As per the new FDI policy, foreign companies having an existing joint venture in India will not require permission of the local partner to set up a wholly-owned subsidiary in the same field of business. This policy is expected to increase capital flow into the economy as well as employment. However, the new policy can lead to increasing dependency on foreign companies and shut down of small domestic firms not in a position to sustain competition from established foreign players. Critics are saying that the Government seemed to have considered only the downward trend of foreign investments in the country and not much heeded to the Indian firms, especially the small scale enterprises and booming industries. Especially with allowing 100% foreign investment in agriculture sector, the Indian authorities have brought up a storm of destruction for small enterprises and local firms. Of course the Indian consumers might see better branding, packaging and glamor in the markets of agricultural sector with 100% foreign investment, but this is bound to lead to a number of blows to the common consumers including a risk of price rise and acquisition or closing down of small scale local enterprises.

## CONCLUSION

Thus on the whole the revised FDI policy will surely carry forward the process of liberalization which further would assist in enhancing of the FDI into the Country. However, the revised FDI policy has kept itself miles away from significantly expected changes such as permitting FDI in Limited Liability Partnership, Multi-Brand Retail Trading – which are the most top of the chart agenda in the FDI. Further several other subjects on which draft discussion papers were released earlier for public comments have not also been responded to. It is imperative that these areas are also taken up by our Government for liberalization towards making India one of the most hot spot FDI destinations on the globe.

## **REQUEST FOR FEEDBACK**

**Dear Readers**

At the very outset, International Journal of Research in Commerce, Economics & Management (IJRCM) acknowledges & appreciates your efforts in showing interest in our present issue under your kind perusal.

I would like to request you to supply your critical comments and suggestions about the material published in this issue as well as on the journal as a whole, on our E-mails i.e. **infoijrcm@gmail.com** or **info@ijrcm.org.in** for further improvements in the interest of research.

If you have any queries please feel free to contact us on our E-mail **infoijrcm@gmail.com**.

I am sure that your feedback and deliberations would make future issues better – a result of our joint effort.

Looking forward an appropriate consideration.

With sincere regards

Thanking you profoundly

**Academically yours**
